- Restart your system. •

## **Troubleshooting**

Q: I have problem in WTM Account Books after installing new software.

- 1. Reinstall or uninstall the program If you are encountering problems with your computer or other programs after installing new software on your computer, uninstall the program and see if the issues persist. For uninstalling the program, go to uninstall section
- 2. Check for software program updates or new versions If you are using old version of WTM Account Books Application, just update the new version of WTM Account Books Application.
  - Run as administrator WTM Account Books.
  - Login your WTM Account Books.
  - Click on software update.

• You will get new version link from here, you can download and install that new version setup.
